Bulk Cones:

1- For bulk cone section, no need to make a table

2- We can use the images to show the slideshow and things like that.

3- For bulk cones, like the types of paper mentioned above, paper color options are available as mentioned above and sizes as images in drive

4- In this section we need to write: "Highest, most, or preferred size is a tower of 1,000 pieces, but different pcs like 600,800 pcs are available as per customer demand, orders, and customization."

5- And we will mention its use case, like dispensary and all that.
